debate

Herausgegeben vom
Institut für Politische Wissenschaft
der Universität Hannover
in Zusammenarbeit mit dem
Hannah Arendt-Archiv der Universität Oldenburg
und der New School University, New York

reports

*"The life span of man running toward death would inevitably
carry everything human to ruin and destruction if it were not for
the faculty of interrupting it and beginning something new, a*

research notes

*faculty which is inherent in action like an ever-present reminder
that men, though they must die, are not born in order to die*

communication

but in order to begin."

Hannah Arendt, *The Human Condition*
